EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Napolitano on 4/14/2005.

The application has been amended as follows:

IN THE CLAIM

Canceled the non-elect claims 21-23.

2. The following is an examiner's statement of reasons for allowance: Upon further consideration with applicant's arguments, examiner agrees with the applicant's counsel that the prior art of record of Kamikawa fails to disclose the claimed invention such as a process for forming a plurality of cavities into a unitary array of a material from the first surface and inserting the SAW die face down in a flip chip arrangement into the selective cavities and solder sealing a metal lid in the recess over the inserted SAW die. Kamikawa teaches that the SAW die is inserted into the recess, not in flip chip arrangement. Also, Kamikawa fails to teach that a plurality of cavities is formed into a unitary array of a material from the first surface. It is not obvious taken alone or in combination of other references fairly to suggest the claimed invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims 1,2,6,7,11-13,15,19 and 20 are allowed.
4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Paul D Kim whose telephone number is 571-272-4565. The examiner can normally be reached on Monday-Friday between 8:00 AM to 4:00 PM.
